Problems:

1)

2)

3) Text Editing Tools

Responsibilities:

Provide basic text editing functions.

Provide template for Textual Interface Specifications.

Provide template for Operation Specifications.

Provide template for Use Case Descriptions.

Provide template for Textual Design Rationale.

Provide template for Glossary.

Assessment:

1) Our team's performance did not improve over last week.

2) None of us were prepared ahead of time. Next week we will read and come up with ideas ahead of time, and our performance will improve greatly.
