Below are opportunities and resources that will enrich your experience as a CS Student.

### **Computer Science Website**

The department website provides everything you need in one spot! The "Current Student" section provides an abundance of information including registration, refusal of advising, software downloads and more!

- [compsci.cofc.edu](http://compsci.cofc.edu)

### **Advising**

Once you have declared a CSCI, CITA, INFS, or DATA major, you will be assigned a CS faculty advisor. Faculty hold weekly office hours. You can change or request an advisor at any time. Advising is critical to your academic success and a registration hold is placed on all CS majors *each semester*. More information about advising can be found on our website:

- [compsci.cofc.edu](http://compsci.cofc.edu) > Current Students > Advising

### **Research**

Several undergraduate research opportunities are available within the department. Research allows students to learn more about a specific area of CS, apply classroom knowledge, boost your resume and create software that make an impact! Contact your advisor or any faculty member if you are interested in participating in undergraduate research.

### **Student Work Space**

Declared CS students have 24 hours access to Harbor Walk East by card swipe access. The front doors to Harbor Walk are open from 7am-9pm, Monday - Friday. Harbor Walk East provides students with two work spaces featuring wireless access for private use and state-of-the-art computers, on a Gigabit-switched network, in a Windows environment.

- Study Lab (Room 335) - quiet, low talk space to study and complete coursework
- Student Work Room (Room 329) - hang out area in between classes, have lunch, collaborate with other students or play video games

## **Student Organizations**

The department offers organizations opportunities to meet new people with similar interests, learn new skills, share your talents, and help you become more connected to campus life:

- Association for Computing Machinery (ACM) - Tuesdays at 12:45pm in HWEA 334
- Cybersecurity Club - Thursdays at 5:00pm in HWEA Conference Room
- Gaming 101 - Saturdays at 6:00pm in HWEA 329
- Women in Computing (WiC) - Thursdays at 12:45pm in HWEA 334

## **Scholarships**

Several of our scholarships are sponsored by local and national businesses. Scholarships are available throughout the year and are posted on the CS website.

- [compsci.cofc.edu](http://compsci.cofc.edu) > Current Students > CS Scholarships and Awards

## **Jobs & Internships**

Many local (and national) companies have successfully hired our CS students! Get paid to apply the skills and knowledge you are learning in the classroom. Job and internship opportunities are emailed to declared CS majors as they come available. Also, check out our Internship & Job page for more information and opportunities that are advertised at individual companies:

- [compsci.cofc.edu](http://compsci.cofc.edu) > Current Students > Internship and Job Opportunities

## **Social Media**

Follow us on social media to stay connected and up to date on recent job/internships openings, scholarships, upcoming events, and more!
